

## **Soil & Health Association of NZ Inc. 2019 Remits**

### **Remit 1: That the constitution of BioGro New Zealand Ltd be changed as follows:**

1.1 Delete: "Shareholder" means the New Zealand Biological and Consumers Society Incorporated

Add: "Shareholder" means the Soil and Health Association of New Zealand

#### Rationale:

The BioGro constitution was not amended at the time of the merger between Soil & Health and the Biological and Consumers Society to reflect the change in shareholder. This remit addresses this.

Proposed: National Council

### **Remit 2: That the following price changes to the membership of the Soil & Health Association be implemented.**

One year membership = \$55 (7% saving off the retail price)

Two year membership = \$100 (15% saving off the retail price)

Overseas membership - 1 year: \$100 (currently \$90)

Overseas membership - 2 years: \$180 (currently \$170)

#### Rationale:

The Soil & Health Association needs to raise its membership fees due to inflation and increasing costs; these are currently \$45 per year and this includes an annual subscription to *Organic NZ*. Soil & Health will also increase the retail price of *Organic NZ* to \$9.90.

Proposed: National Council
